BOMBER FALLS, CREW RESCUED FROM PACIFIC

Hawaiian Steamer Comes To
Rescue—Rescuing Planes
Can't Rise.

HONOLULU, T. H., May 15—
The steamer Hawaii has picked up
all of the personnel of the planes
which went to the rescue of the
crew of the Keystone Bomber
which dived into the sea between
the island of Maui and Hawaii,
with the exception of individual
pilots who remained with their
planes during the night, according
to word received here today.

DETAILS MEAGER
Because of the lack of wireless
on the rescue ship, the number and
names of those rescued from the
bomber is still unknown.

The bombing plane from Luke
Field appeared to develop motor
trouble while participating in a
training flight. Three of its crew
jumped from the machine in par-
achutes and two of them were
picked up immediately by sea-
planes.

The crew of the bomber consist-
ed of Lieutenant T. L. Boyd, Wash-
ington, D. C., Staff Sergeant, H.
Alexander, Kennedy, Alabama,
Staff Sergeant J. Becker, Brook-
lyn, and Private H. L. Cowan, Sy-
racuse, N. Y.

A navy plane piloted by Lieuten-
ant M. A. Schur, Senior Pilot at the
Aid Station, and two army amphi-
bian planes, piloted by Lieuten-
ants H. E. Morgan and W. S. Cun-
ningham, were unable to take to
the air because of heavy seas af-
ter they descended to rescue the
crew of the bomber.

Two mine sweepers and two ad-
ditional seaplanes have been sent
from Pearl Harbor to the scene of
the mishap, about ten miles off
the island of Maui.

WASHINGTON, May 15—A
wireless message to the Naval
Communications office here early
today said that two army flyers
had been rescued by a Navy sea-
plane from Alenuihaha Channel,
Hawaii, and had been placed
aboard the steamship Hawaii. The
army plane had crashed because
of stormy weather, the message
said.

CRASH AT 11:30 A. M.
The crash occurred about 11:30
o'clock a. m. Hawaiian time yester-
day. Only meager details were
given, and the message failed to
say whether the army plane, pre-
sumably an Amphibian, had any
men in addition to the two rescued
on board.

The message, received from the
14th Naval District, Hawaii, said:
"At 11:30 Navy plane rescued
two men from Army bomber that
crashed Alenuihaha Channel be-
cause of rough sea. Naval plane
unable to rise. About 1900 (7:00
a. m.). Steamer Hawaii took the
two men from Navy PD and is
proceeding to Army Amphibian.
Two Army Amphibians on water
unable to take off about 15 miles
from PD. Three Navy planes on
parol to guide rescue surface
craft to plane."

WASHINGTON COPS UNCOVER "FENCE"

Much Stolen Property Recov-
ered When Three Negroes
Are Arrested.

WASHINGTON, C. H., O., May
15—With three negroes under ar-
rest on blanket charges of investi-
gation, police today said that they
had uncovered a "fence" for stolen
property here.

Meanwhile a large amount of the
loot which was taken from Fayette
county homes in recent robberies
has been removed. It is being
held by police awaiting identifica-
tion from the owners.

Wrist watches, jewelry, beads,
ornaments, electric irons, liners,
dresses, cloaks, shoes and lingerie,
as well as two Bibles, were includ-
ed in the loot.

The negroes who are under ar-
rest are Walter Goff, 32, Almeda
Johnson, and Mrs. Anna Evans. It
is alleged by police that they fig-
ured in the selling of the loot.

ERIE-TO-OHIO CANAL MEET

Prof. Sherman of Ohio State
University To Address
Columbus Session.

Bringing Lake Erie to Central
Ohio is the subject of a movement
to establish a waterway from
Portsmouth on the Ohio river to
Sandusky on Lake Erie, that will
be explained and discussed at a
meeting of civic groups, luncheon
clubs, and Chamber of Commerce
officials next Monday evening at
the Southern Hotel. The project
is being sponsored by the Ohio Val-
ley Improvement association.

The meeting will get under way
at 8 p. m. and will be addressed
by Prof. C. E. Sherman, dean of
the college of engineering of Ohio
State University, who has made
a study of the subject.

THE PUBLIC INVITED
The route proposes a 50-foot
dam on the Scioto River about five
miles from Delaware and a 50-foot
dam at Upper Sandusky on the
Sandusky river. These two rivers
come within nine miles of each
other at Marion, which would nec-
essitate the building of a short
canal between the two places.
Building of these dams will form
a summit level lake 40 miles long,
averaging one mile wide. A sum-
mit level lake of this sort will take
care of a drainage area of 2,000
square miles, made possible by a
10-foot movable crest, meaning
dams 10 feet higher than neces-
sary for transportation.

A map of the proposed water-
way takes in Portsmouth, Chillico-
the, Circleville, Columbus, Dela-
ware, Marion, Tiffin and Sandusky
and makes a direct route to the
lake from the river.

FIRE DAMAGE HALF MILLION

Chicago Elevator Mass of
Ruins—Number of Other
Buildings Damaged.

CHICAGO, May 15—The huge
Minnesota grain elevator of the
Rosenbaum Grain corporation was
a mass of smoldering ruins today
as firemen subdued a spectacular
fire on Goose Island which de-
stroyed more than \$500,000 worth
of property last night.

The large elevator, filled with
grain, stood 120 feet high and cov-
ered half a block. Approximately
200,000 bushels of rye valued at
\$116,000 was destroyed in the con-
flagration.

An explosion, believed to have
been spontaneous and caused by
dust in the elevator, started the
fire. The blast blew a hole through
the elevator roof, giving the flames
perfect ventilation.

Considerable damage was done
to surrounding buildings, among
them being the Archer-Daniels-
Midland company, Adam Schillo
lumber company and the Fleisch-
mann Yeast company. Five boats
belonging to the merchants' Light-
erage company were damaged by
the flames.

Half of the city's fire fighting
equipment and personnel aided by
two fire boats fought the blaze for
several hours before it was
brought under control at midnight.

HIT-SKIP DRIVER HITS TWO AUTOS

Little Damage Done at Corwin
and Court Wednesday At
5:45 P. M.

An accident involving three
autos occurred at Corwin and
Court-st. Wednesday at about
5:45 p. m., however none of the
occupants of the cars were hurt.

A hit-skip driver who was the
cause of the accident popped out
of Corwin-st. going east and ran
into a parked car in front of the
Miller residence and also collided
with another passing auto.

The lady driver of the Whippet
car which was parked had gone
into the home of a neighbor and
while there heard a crash.

The hit-skip driver soon disap-
peared from the scene. A Ford tour-
ing car which was struck going
south on Court-st. was not dam-
aged.

The Washington C. H. gun club
will hold a short range Sun-
day at which 50 White Rock spring
chickens will be the prize.
It is expected many from here
will attend.

EX-MAYOR OF ATHENS FACES STATE ACTION

State Examiner Finds Neglect-
ed Records In Office of
Former Official.

COLUMBUS, O., May 15—
Claim that former Mayor E. C.
Woodworth, of Athens neglected
to keep a proper record of his
account for all collections made
by him" is contained in a report
made public today by State Ex-
aminer Joseph T. Tracy.

The report deals with an ex-
amination of the records of city
offices at Athens by State Ex-
aminer George H. Rector for the
period from March 18, 1929, to
April 5, last.

Woodworth then president of
the Athens city council, became
mayor November 18, last year,
when former Mayor Alex Moore,
now a prisoner in Ohio peniten-
tiary, following his conviction of
embezzlement, resigned. Wood-
worth served as mayor until Decem-
ber 31, about 6 weeks, when
he was succeeded by R. S. Wood
as mayor.

Rector declared that Wood-
worth's records were "badly kept
and are generally in a deplorable
condition."

Announcing that Woodworth has
paid back to the city \$120 as a
result of the examination, the re-
port stated that Rector "devoted
much of his time in an effort to
arrive at the amount of money
collected by Woodworth while
mayor, out, due to the lack of sys-
tem and apparent disregard of laws
governing the duties of mayor, we
encountered much difficulty."

"Due to apparent fictitious
names on the police record of ar-
rests, we were unable to locate
many persons who have been ar-
rested and apparently fined by
Mayor Woodworth," the report
continued. "He could offer no
plausible excuse for his failure to
keep the proper records and
promptly report and deposit his
collections as required by law. It
would appear that he is either
generally incompetent and ir-
responsible or extremely careless in
handling the judicial duties im-
posed upon the mayor of Athens."

"We can only arrive at the con-
clusion that he failed to do all
these things with persistent effort
to misappropriate monies collected
by him as mayor," the report said.

MEN THOUGHT LOST, SAVED

Two Ships Collide, One Sinks
Off New Jersey Coast—
One Not Damaged.

NEW YORK, May 15—Three
men believed to have been drowned
when the Savannah Liner City of
Atlanta collided with and sunk the
Schooner Azua early today, were
picked up along with the captain
and four other members of the
crew, a wireless from the City of
Atlanta received here informed the
company offices.

The ships collided at 12:27 a.
m. off Barnegat Light, N. J., about
100 miles from New York.

The City of Atlanta was only
slightly damaged at the bow, above
the water line, she stood by the
scene of the crash until after day-
break until all of the Azua's crew
were picked up.

Three men were first reported
lost, but a checkup at the agent's
offices here proved all of the crew
safe.

Jay Smith, Now Big Time Circus Man And Political Boss, Returns to Town

Jay Smith, son of Mr. and Mrs.
Matt C. Smith, and widely known
in Circleville for many years,
arrived in town Thursday night
as the champion reserved seat
ticket seller with the Robbins Bros.
circus. Jay was back home here
some years ago renewing old
friendships, but today he was
proudly about, showing his new
town folks the circus, and showing
the circus folks his home town.

Jay, even with his many pounds
of extra weight was easily recog-
nized as he walked into restaur-
ant and barber shop.

Selling tickets with the circus
is his summer time job. In the
winter he is said to be a politi-
cal boss in a large ward of Chicago,
where he is described as turning
things with an easy manner. The
job was forced upon him, it is
said, because of his great popu-
larity.

CROWDS GREET ROBBINS BROS. GREAT CIRCUS

Excellent Parade Shortly After
Noon Today Creates Much
Excitement.

This was the truant officer's day
in Circleville, with intriguing look-
ing circus wagons rumbling along
the streets, emitting weird animal
noises, and elephants plodding their
bored way down the back streets,
in the direction of the circus
grounds at Mason's field.

The clatter of the tiny hoofs of
ponies, and the rhythmic sound of
the circus horses were heard most
of the morning as the circus un-
loaded after a late start from Mid-
dletown.

Early morning saw crowds of
grownups and children, shivering
at the Pennsylvania Railroad cross-
ing, at Court, Pickaway and Wash-
ington streets. The first persons ar-
rived at five o'clock. The train
whistled in at seven, and was a
double header.

After much delay and apparent
misunderstanding between the cir-
cus officials and railway men, the
train was divided into sections.
The sleepers with the star per-
formers, were pushed unceremon-
iously on one side track, and the
elephants were shoved along side,
on another track in their shabby
compartments. The wagons, cali-
cots, trucks, tents and all circus
lot paraphernalia were yanked
somewhere else on a switch, and
the unloading was started.

Many boys had ranged seats,
perched on the tops of convenient
box cars. They scattered sudden-
ly, when one of the big elephants
decided to throw dirt up on them.

The horses came out first, fol-
lowed by the careful elephants, feel-
ing their way to the ground. Then
came the camels looking for all the
world as if they had been born
and raised in Circleville, grazing
carelessly here and there, on the
meager grass growing between the
railroad ties.

Eight o'clock came, and the an-

CHILLI UNIT OUT OF PEN

All Militiamen Will Be Re-
moved Within Next Week,
It Is Learned.

COLUMBUS, O., May 15—Members
of Company H, the National
Guard unit from Chillicothe, were
being withdrawn from the Ohio
state penitentiary here today.

International News Service auth-
oritatively learned that it is plan-
ned to remove all militiamen from
the prison within the next week.
There are only about 200 of them
on duty there now.

The Guardsmen under command
of Colonel Robert Haubrich, were
placed in charge of the peniten-
tiary following the appalling fire on
the evening of April 21 when 320
convicts perished.

Excitement prevailed around the
big bastille for a few minutes this
morning when a machine gun,
manned by four marksmen, was
mounted on the wall of a ware-
house across the street from the
prison. Simultaneously, it was
learned that a naval reserve unit
had been recalled for active duty.

Following a short period of ten-
seness, it was learned the machine
gun had been set up as a precau-
tionary measure while the Chillicothe
guardsmen were being re-
moved, and that the naval reserve
men had been called in for relief
duty.

SPEED SAVES LIFE OF MAN

Truck Driver, On Bloom-
ingville Road Jumps When
Dynamite Explodes.

LOGAN, O., May 15—A quick
sense of impending danger and
the ability to run fast, today had
saved the life of Neal Imboden, 24,
truck driver for the State High-
way Department.

Imboden was nonchalantly driv-
ing along on the Bloomingville
road this morning in a truck load-
ed with 300 pounds of dynamite
and 700 dynamite caps, when sud-
denly the caps, located under the
seat, blew up and neatly lifted
Imboden from his perch on the
truck and catapulted him over in-
to the ditch.

Though momentarily stunned,
Imboden recovered his bearings in
time to do a record 100 yard dash
down the road in the opposite
direction before the truck which,
in the meantime, had been con-
tinuing up the highway at a slow
rate, hit the ditch and was blown
to smithereens due to the impact
against the dynamite.

Imboden, thanking his lucky
stars that he has a couple of
George Simpson legs, is recover-
ing in the Cherrington hospital
here from a few minor cuts and
bruises about the legs.

ROSS-CO JUDGE ESCAPES INJURY

L. B. Yapple's Automobile
Breaks Telephone Pole,
Turns Over.

L. B. Yapple, judge of the Ross-
co common pleas court, narrowly
escaped serious injury early Wed-
nesday when his automobile failed
to negotiate a turn near Clark-
burg and smashed into a telephone
post. The car hit the post off
then turned over on an eight-
foot embankment.

The accident occurred on a sharp
curve just west of a narrow
bridge which is located two miles
east of Clarkburg on State Route
277, the old Clarkburg Pike.

JACKSON EXERCISE FRIDAY EVENING

The new all-cable underground
long-distance telephone route from
Columbus to this city to Canal
Winchester has been completed and
the Ohio Bell Telephone Co. is cut-
ting additional circuits into service
between this city and the other
cities.

The cable is the first in Ohio to
be placed in fiber conduit, accord-
ing to W. W. Acord, district com-
mercial manager of the Ohio Bell
Telephone Co.

The system consists of an under-
ground conduit directly from Cir-
cleville to Columbus with a branch
leading eastward from here to Canal
Winchester and another branch
leading from Canal Winchester to
Groveport. Circuits from Lancaster
enter the cable at Canal Win-
chester.

PARRETT, JR. WITH AUTOMOBILE CLUB

PRESERVATION OF MERCHANT ACTION CAUSE

Anti-Trust Laws Are Rapped
By Measure Expected To
Cause Excitement.

By WILLIAM S. NEAL

WASHINGTON, May 15—The
first important piece of anti-chain
store legislation produced by a
Congressional committee was
knocking at the door of Congress
today with the House Interstate
Commerce Committee prepared to
demand consideration of the Cap-
per-Kelly Re-Sale Price Measure.
Under instructions, Representa-
tive Parker (R.) of New York,
Chairman of the Interstate Com-
merce Committee, has asked the
Rules Committee to place the bill
on the House program for action in
the present session.

With the backing of a big Con-
gressional bloc, sponsors of the
bill not only expect to place it on
the program, but to pass it in the
House at least.

The bill sets aside the anti-trust
laws to permit manufacturers of
trade-mark, brand or trade name
articles to require retailers to sell
them at a price fixed by the man-
ufacturers.

Advocated by many manufactur-
ers of special products, before
chain store development became a
household topic, the measure now
is being pushed as a means of pre-
serving the life of the small, in-
dependent merchant.

MERRITT ACTIVE

Representative Merritt (R.) of
Connecticut has framed the report
on the bill, which was introduced
in the House by Representative
Kelly (R.) of Pennsylvania, and is
in the Senate by Senator Capper
of Kansas.

"Perhaps most important of the
public welfare," the report of the
bill, would be to put the small local
dealer more nearly on a competi-
tive basis with the great chain
store and other combinations,"
says the Merritt report.

"It is generally and properly
recognized that the gradual extinc-
tion of small independent dealers
will be a loss to countless com-
munities throughout the nation,
so to the nation itself."

Since the bill is confined to com-
modities sold under a trade-mark,
brand or trade name of the pro-
ducer, it will not affect necessities
of life, says Merritt.

"Under the conditions of business
today, makers of special articles
in any line spend enormous sums
of money in nation-wide adver-
tising and other similar means to
bring the goods and the virtues
thereof to the notice of the pub-
lic," said the report.

The testimony shows many in-
stances where dealers have used
the good name of nationally known
producers for their own benefit, and
to the detriment of the interests
of the producer and to the detri-
ment of his property in the name.
They have done this by advertis-
ing cut prices on nationally known
specialties in order to attract cus-
tomers into their stores, and then
by selling them staple articles, of
which the fair price could not be
known to the customer, at higher
than a fair price."

CONNELL RE-NAMED AT DARBY SCHOOL

Miss Dorothy Cook Is Re-
elected Principal At An-
nual Election.

Brice Connell, superintendent of
Darby-twip centralized schools, has
been re-elected to that office by the

Claim that former Mayor E. C.
Woodworth, of Athens neglected
to keep a proper record of his
account for all collections made
by him is contained in a report
made public today by State Ex-
aminer Joseph T. Tracy.

The report deals with an ex-
amination of the records of city
offices at Athens by State Ex-
aminer George H. Rector for the
period from March 18, 1929, to
April 5, last.

Woodworth then president of
the Athens city council, became
mayor November 18, last year,
when former Mayor Alex Moore,
now a prisoner in Ohio peniten-
tiary, following his conviction of
embezzlement, resigned. Wood-
worth served as mayor until Decem-
ber 21, about 6 weeks, when he
was succeeded by R. S. Wood
as mayor.

Rector declared that Wood-
worth's records were "badly kept
and are generally in a deplorable
condition."

Announcing that Woodworth has
paid back to the city \$120 as a
result of the examination, the re-
port stated that Rector "devoted
much of his time in an effort to
arrive at the amount of money
collected by Woodworth while
mayor, but, due to the lack of sys-
tem and apparent disregard of laws
and apparent disregard of laws
governing the duties of mayor, we
encountered much difficulty."

"Due to apparent fictitious
names on the police record of ar-
rests, we were unable to locate
many persons who have been ar-
rested and apparently fined by
Mayor Woodworth," the report
continued. "He could offer no
plausible excuse for his failure to
keep the proper records and
promptly report and deposit his
collections as required by law. It
would appear that he is either
generally incompetent and ir-
responsible or extremely careless
in handling the judicial duties im-
posed upon the mayor of Athens."

"We can only arrive at the con-
clusion that he failed to do all
these things with persistent effort
to misappropriate monies collected
by him as mayor," the report said.

MEN THOUGHT LOST, SAVED

Two Ships Collide, One Sinks
Off New Jersey Coast—
One Not Damaged.

NEW YORK, May 15—Three
men believed to have been drowned
when the Savannah Liner City of
Atlanta collided with and sunk the
Schooner Azua early today, were
picked up along with the captain
and four other members of the
crew, a wireless from the City of
Atlanta received here informed the
company offices.

The ships collided at 12:27 a.
m. off Barnegat Light, N. J., about
100 miles from New York.

The City of Atlanta was only
slightly damaged at the bow, above
the water line, she stood by the
scene of the crash until after day-
break until all of the Azua's crew
were picked up.

Three men were first reported
lost, but a checkup at the agent's
offices here proved all of the crew
safe.

Jay Smith, Now Big Time Circus Man And Political Boss, Returns to Town

Jay Smith, son of Mr. and Mrs.
Matt C. Smith, and widely known
in Circleville for many years, ar-
rived in town Thursday morning
as the champion reserved seat
ticket seller with the Robbins Bros.
circus. Jay was back home here
some years ago renewing old
friendships, but today he walked
proudly about, showing his home
town folks the circus, and showing
the circus folks his home town.

Jay, even with his many pounds
of extra weight was easily recog-
nized as he walked into restaurant
and barber shop.

CROWDS GREET ROBBINS BROS. GREAT CIRCUS

Excellent Parade Shortly After
Noon Today Creates Much
Excitement.

This was the truant officer's day
in Circleville, with intriguing look-
ing circus wagons rumbling along
the streets, emitting weird animal
noises, and elephants plodding their
bored way down the back streets,
in the direction of the circus
grounds at Mason's field.

The clatter of the tiny hoofs of
ponies, and the rhythmic sound of
the circus horses were heard most
of the morning as the circus un-
loaded after a late start from Mid-
dletown.

Early morning saw crowds of
grownups and children, shivering
at the Pennsylvania Railroad cross-
ing, at Court, Pickaway and Wash-
ington streets. The first persons ar-
rived at five o'clock. The train
whistled in at seven, and was a
double header.

After much delay and apparent
misunderstanding between the cir-
cus officials and railway men, the
train was divided into sections.
The sleepers with the star per-
formers, were pushed unceremon-
iously on one side track, and the
elephants were shoved along side,
on another track in their shabby
compartments. The wagons, cali-
cote, trucks, tents and all circus
lot paraphernalia were yanked
somewhere else on a switch, and
the unloading was started.

Many boys had ringside seats,
perched on the tops of convenient
box cars. They scattered sudden-
ly, when one of the big elephants
decided to throw dirt up on them.

The horses came out first, fol-
lowed by the careful elephants, feel-
ing their way to the ground. Then
came the camels looking for all the
world as if they had been born
and raised in Circleville, grazing
carelessly here and there, on the
meager grass growing between the
railroad ties.

Eight o'clock came, and the ani-

CHILLI UNIT OUT OF PEN

All Militiamen Will Be Re-
moved Within Next Week,
It Is Learned.

COLUMBUS, O., May 15—Members
of Company H, the National
Guard unit from Chillicothe, were
being withdrawn from the Ohio
state penitentiary here today.

International News Service auth-
oritatively learned that it is plan-
ned to remove all militiamen from
the prison within the next week.
There are only about 200 of them
on duty there now.

The Guardsmen, under command
of Colonel Robert Haubrich, were
placed in charge of the peniten-
tiary following the appalling fire on
the evening of April 21 when 320
convicts perished.

Excitement prevailed around the
big bastille for a few minutes this
morning when a machine gun,
manned by four marksmen, was
mounted on the wall of a ware-
house across the street from the
prison. Simultaneously, it was
learned that a naval reserve unit
had been recalled for active duty.

Following a short period of ten-
seness, it was learned the machine
gun had been set up as a precau-
tionary measure while the Chillico-
the guardsmen were being re-
moved, and that the naval reserve
men had been called in for relief
duty.

time ago.

SPEED SAVES LIFE OF MAN

Truck Driver, On Bloom-
ville Road Jumps When
Dynamite Explodes.

LOGAN, O., May 15.—A quick
sense of impending danger and
the ability to run fast, today had
saved the life of Neal Imboden, 24,
truck driver for the State High-
way Department.

Imboden was nonchalantly driv-
ing along on the Bloomington
road this morning in a truck load-
ed with 300 pounds of dynamite
and 700 dynamite caps, when sud-
denly the caps, located under the
seat, blew up and neatly lifted
Imboden from his perch on the
truck and catapulted him over in-
to the ditch.

Though momentarily stunned,
Imboden recovered his bearings in
time to do a record 100 yard dash
down the road in the opposite
direction before the truck which,
in the meantime, had been con-
tinuing up the highway at a slow
rate, hit the ditch and was blown
to smithereens due to the impact
against the dynamite.

Imboden, thanking his lucky
stars that he has a couple of
George Simpson legs, is recover-
ing in the Cherrington hospital
here from a few minor cuts and
bruises about the legs.

ROSS-CO JUDGE ESCAPES INJURY

L. B. Yapple's Automobile
Breaks Telephone Pole,
Turns Over.

L. B. Yapple, judge of the Ross-
co common pleas court, narrowly
escaped serious injury early Wed-
nesday when his automobile failed
to negotiate a turn near Clarks-
burg and smashed into a telephone
post. The car broke the post off
then turned over down an eight-
foot embankment.

The accident occurred on a sharp
curve just west of a narrow
bridge which is located two miles
east of Clarksburg on State Route

PRESERVATION OF MERCHANT ACTION CAUSE

Anti-Trust Laws Are Rapped
By Measure Expected To
Cause Excitement.

By WILLIAM S. NEAL

WASHINGTON, May 15—The
first important piece of anti-chain
store legislation produced by a
Congressional committee was
knocking at the door of Congress
today with the House Interstate
Commerce Committee prepared to
demand consideration of the Cap-
per-Kelly Re-Sale Price Measure.

Under instructions, Representa-
tive Parker (R) of New York,
Chairman of the Interstate Com-
merce Committee, has asked the
Rules Committee to place the bill
on the House program for action in
the present session.

With the backing of a big Con-
gressional bloc, sponsors of the
bill not only expect to place it on
the program, but to pass it in the
House at least.

The bill sets aside the anti-trust
laws to permit manufacturers of
trade-mark, brand or trade name
articles to require retailers to sell
them at a price fixed by the man-
ufacturers.

Advocated by many manufactur-
ers of special products before
chain store development became a
household topic, the measure now
is being pushed as a means of pre-
serving the life of the small, in-
dependent merchant.

MERRITT ACTIVE

Representative Merritt (R) of
Connecticut has framed the report
on the bill, which was introduced
in the House by Representative
Kelly (R) of Pennsylvania, and in
the Senate by Senator Capper (R) of
Kansas.

"Perhaps most important for the
public welfare, the effect of this
bill would be to put the small local
dealers more nearly on a competi-
tive basis with the great chain
store and other combinations,"
says the Merritt report.

"It is generally and properly
recognized that the gradual extinc-
tion of small independent dealers
will be a loss to countless com-
munities throughout the nation,
so to the nation itself."

Since the bill is confined to com-
modities sold under a trade-mark,
brand or trade name of the pro-
ducer, it will not affect necessities
of life, says Merritt.

"Under the conditions of business
today, makers of special articles
in any line spend enormous sums
of money in nation-wide advertis-
ing and other similar means to
bring the goods and the virtues
thereof to the notice of the pub-
lic," said the report.

The testimony shows many in-
stances where dealers have used
the good name of nationally known
producers for their own benefit, and
to the detriment of the interests
of the producer and to the detri-
ment of his property in the name.
They have done this by advertis-
ing cut prices on nationally known
specialties in order to attract cus-
tomers into their stores, and then
by selling them staple articles, of
which the fair price could not be
known to the customer, at higher
than a fair price."

MORE TREASURY BORROWING IS NEEDED TO HALT DEFICIT

By ROBERT S. THORNBURG

WASHINGTON—Further additional borrowing by the treasury will be necessary to prevent a deficit June 30, it was learned today.

To meet the expenditures of more than \$100,000,000 by the Federal Farm Board, Secretary Mellon already has been forced to authorize a new loan of \$100,000,000 which will be dated May 19. This will increase the public debt about \$44,000,000, since the maturing issues of bills on that date is but \$56,000,000.

June 15 the income and corporation tax receipts will not equal the maturing block of 4 7-8 percent certificates which totals \$549,707,500. The tax collection was expected to total somewhat more than \$500,000,000 in June, bringing the year's total to \$2,400,000,000, approximately the treasury's estimate.

The amount of money necessary to borrow in June depends chiefly upon the requirements of the Farm Board before the end of the year. So far no exact indication of that amount has been furnished by the treasury.

Since the Farm Board was established the treasury has been maintaining a larger cash balance than had been the case. More than \$100,000,000 is maintained and this will be temporarily bolstered about \$50,000,000 this week by the excess of the bill issue over that to be retired.

Up to December 15 issues so far authorized must be retired in the volume of \$1,591,000,000. Unless there is a change in the money market situation it was the expectation of officials that all issues may be refunded at lower rates.

As the result of abnormal expenditures during the last year the surplus will be small, in the opinion of officials. Because of the uncertainty of expenditures the amount cannot be forecast for sometime. However, the treasury will make a sufficient borrowing in June to avoid an unbalanced budget.

Heavy expenditures also will mean a much smaller reduction in the public debt than during any year since 1919. It was thought the reduction would be at least \$600,000,000, and that the gross debt at the end of the year would be close to \$16,000,000,000.

INDICT 73 ON 'JAKE' CHARGE

Nearly All States Contribute To Dayton Grand Jury's Indictments.

DAYTON, O., May 15—Seventy three men from all parts of the country today had been indicted by a federal grand jury here in connection with the government's nationwide investigation into the alleged sale of Jamaica ginger as a beverage.

Several deaths have resulted in Ohio and more than 100 persons were paralyzed after drinking the compound which is known as "Jake."

Those who were indicted included: Austin Dolan and Harry Gross, of Boston, Mass.; Irving S. Wolfe, Altoona, Pa.; Myron E. Kennedy and George Hennigan, of Marion, Ind.; Dock Pierce and Lon Yockum, of Middleport, Ky.

P. D. Whitehurst, Cornith, Miss.; Walter Anderson, New York city; Hill Brothers, Brooklyn, N. Y.; J. Carr Boyd, Brooklyn, N. Y.; Samuel Whellock, Johnson City, Tenn.; Henry Berger, Marion, Ind.; S. A. Hall, Brooklyn, N. Y.; Daniel Parsons, Bethel, Ohio.

The indictment charges them with "having unlawfully, knowingly, wilfully and feloniously conspired to defeat the prohibition act by transporting to Cincinnati, Co. mately 5,000 gallons of ginger or lumbus and other cities approxi- 'jake' for beverage purposes.

Included in other indictments which were returned by the federal jury, were those against the California Grape Company, William J. Vaughn, A. J. Futter, all of Chicago. The concern and the three men were charged with violation of the national prohibition act by allegedly selling unfermented wine.

Drive Uric Acid Deposits From Rheumatic Joints

Don't Waste Time

There is one right way to end the pain, agony and swelling, when uric acid settles in joints and stubborn inflammation persists.

You must take a medicine powerful enough to search out the uric acid deposits and dissolve them.

And this medicine must also have the power to drive these poisonous acid accumulations from the body, through the natural channels.

Get the right medicine and severe, obstinate rheumatic attacks will swiftly leave you and won't bother you again for a long time.

You can go to Hamilton & Ryan's or any live druggist today and get just the kind of medicine you so badly need.

Ask for a bottle of Allenru—a powerful searching liquid that wastes no time in freeing you from the clutches of your merciless rheumatic enemy. Allenru comes in large bottles—it removes the cause—the uric acid deposits and impurities from the system and speedily pain, swellings and stiffness leaves you and physical fitness returns—if it doesn't do as advertised—money back.—Adv.

BENEDICTINE MONKS STUDY ORDER PAST

ANDERNACH—The Benedictine Monastery, Maria Laach, widely known for its history and its beautiful location on the Laach Lake, near Andernach, has founded an academy mainly designed for the study of the Benedictine Order's 1,400 years of history.

It will afford young priests of the order an opportunity to continue their ecclesiastical and liturgical studies on a scientific basis.

Abbot Dr. Herwegen will be the rector. The first semester will begin in the coming November.

Relief from Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing a dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 at 25c at the nearest Rexall Store, Hamilton & Ryan.—Adv.

COAST GUARDS HOLD STEAMER

Whiskey Cargo Valued At \$600,000 Confiscated At Green Bay, Wis.

GREEN BAY, Wis., May 15—Coast guardsmen of the Plum Island station today guarded the rum running ship Ansterberg number 18 which was seized last night with \$600,000 worth of liquor aboard after a 24-hour search along the western shore of Lake Michigan.

The ship was captured in the straits off Door County peninsula as the crew was attempting to put in at Green Bay and unload its cargo of liquor for transportation by motor truck to Chicago.

Although armed with rifles, the ship's crew of five men offered no resistance when the coast guard crew boarded her. The boat was taken to Washington Island where it is being held pending orders from Washington, D. C.

The Ansterberg carried 5,000 cases of choice Canadian liquor valued at \$120 per case, which was reputedly bound for the Capone syndicate in Chicago. Federal authorities regarded the capture as one of the most important made on the Great Lakes in several years. The craft had been seized by prohibition agents once before and had been stolen from federal agents.

INDICT 73 ON 'JAKE' CHARGE

Nearly All States Contribute To Dayton Grand Jury's Indictments.

DAYTON, O., May 15—Seventy three men from all parts of the country today had been indicted by a federal grand jury here in connection with the government's nationwide investigation into the alleged sale of Jamaica ginger as a beverage.

Several deaths have resulted in Ohio and more than 100 persons were paralyzed after drinking the compound which is known as "Jake."

Those who were indicted included:

Austin Dolan and Harry Gross, of Boston, Mass.; Irving S. Wolfe, Altoona, Pa.; Myron E. Kennedy and George Hennigan, of Marion, Ind.; Dock Pierce and Lon Yockum, of Middleport, Ky.

P. D. Whitehurst, Cornith, Miss.; Walter Anderson, New York City; Hill Brothers, Brooklyn, N. Y.; Samuel Whellock, Johnson City, Tenn.; Henry Berger, Marion, Ind.; S. A. Hall, Brooklyn, N. Y.; Daniel Parsons, Bethel, Ohio.

The indictment charges them with "having unlawfully, knowingly, wilfully and feloniously conspired to defeat the prohibition act by transporting to Cincinnati, Columbus and other cities approximately 5,000 gallons of ginger or lumbus and other cities approximately 'jake' for beverage purposes.

Included in other indictments which were returned by the federal jury, were those against the California Grape Company, William J. Vauhn, A. J. Futter, all of Chicago. The concern and the three men were charged with violation of the national prohibition act by allegedly selling unfermented wine.

BENEDICTINE MONKS STUDY ORDER PAST

ANDERNACH—The Benedictine Monastery Maria Laach, widely known for its history and its beautiful location on the Laach Lake, near Andernach, has founded an academy mainly designed for the study of the Benedictine Order's 1,400 years of history.

It will afford young priests of the order an opportunity to continue their ecclesiastical and liturgical studies on a scientific basis.

Abbot Dr. Herwegen will be the rector. The first semester will begin in the coming November.

Relief from Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing a dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 at 25c at the nearest Rexall Store, Hamilton & Ryan.—Adv.

CALIFORNIA WOMAN OWNS 28 PET DOGS

SANTA ROSA—Miss Effie Meeker, of the pioneer family for whom Camp Meeker was named, holds the "pet owning" championship.

For Miss Meeker forwarded applications to the Sonoma County Clerk for licenses for 28 dogs—all personally owned pets. With the applications she mailed a \$42 check to cover license fees.

To date, more than 1,000 licenses have been issued under the new ordinance requiring all dogs to be licensed and marked with identification numbers.

INTERPRETS VOTE CODE

COLUMBUS, O.,—Interpreting Ohio's new election code, which became effective as law the first of this year, Attorney General Gilbert Bettman today ruled that political party cannot appear upon the election ballots of the Buckeye state unless the candidates of such political party were nominated at a primary election or were selected by nominating petition containing not less than 15 percent of the total vote cast for governor at the last preceding election.

Bettman, also, held that before the attorney general can pass upon the legality of the wording of a synopsis, printed on an initiative, or referendum, petition, of a proposed new law, the attorney general should be in receipt of a petition signed by 100, or more, qualified Ohio electors requesting such action.

These rulings were addressed to Secretary of State Clarence J. Brown.

Indication today were that, if the first ruling stands, the emblems and state tickets of the Prohibition, Socialist, Communist-Workerm, and Socialist Labor parties, as such, will disappear from the places formerly held by them on Ohio election ballots.

About 390,000 voters represent 15 percent of the total vote cast for governor at the last election, in 1928, in Ohio. At that election, the Socialists cast only 8,600 votes, the Prohibitionists, 3,500; Socialist-Labor, 1,500, and the Communist-Workers party about 2,800 votes.

Bettman ruled that where the petition contains less than the 15 percent, the names of the candidates must be placed under the column designated "Independent" on the election ballot.

Drive Uric Acid Deposits From Rheumatic Joints

Don't Waste Time

There is one right way to end the pain, agony and swelling, when uric acid settles in joints and stubborn inflammation persists.

You must take a medicine powerful enough to search out the uric acid deposits and dissolve them.

And this medicine must also have the power to drive these poisonous acid accumulations from the body, through the natural channels.

Get the right medicine and severe, obstinate rheumatic attacks will swiftly leave you and won't bother you again for a long time.

You can go to Hamilton & Ryan's or any live druggist today and get just the kind of medicine you so badly need.

Ask for a bottle of Allenru—a powerful searching liquid that wastes no time in freeing you from the clutches of your merciless rheumatic enemy—Allenru comes in large bottles—it removes the cause—the uric acid deposits and impurities from the system and speedily pain, swellings and stiffness leaves you and physical fitness returns—if it doesn't, do as advertised—money back—Adv.

BRITISH SOVEREIGNS RECEIVE MANY AMERICAN MEN, WOMEN

BY CHARLES A. SMITH.
 LONDON, May 15.—Seated on golden thrones in the magnificent throne room of Buckingham Palace, historic home of England's monarchs, King George and Queen Mary of England Wednesday night received between 300 and 400 guests, including several score American men and women, at the first court of the 1930 season.

The interest in the courts has been intensified this year owing to the fact that King George, now restored to full health, making his first attendance at a court since the summer of 1928, and the Prince of Wales making virtually his first social appearance since his return from Africa.

The imposing throne room, softly illuminated by crystal-shaded candelabra, its walls hung with priceless tapestries and the floor covered with rare Eastern carpets, makes a beautiful setting. Masses of roses and blue and white hydrangeas were banked around the windows.

The guests at court were drawn for the most part from government, diplomatic and other official circles. The ambassadors and ministers to the court, including Charles Gates Dawes, the American envoy, were accompanied by their wives and suites.

Eight presentations were made by the American embassy. Those presented to their majesties by Mrs. Dawes were:

Miss Frances Hutchinson of Philadelphia; Miss Griselda Forbes of Boston; Miss Charlotte Dorrance of Camden, N. J.; Miss Katherine K. Tod of New York City; Miss Isabel Henry of Philadelphia; Miss Eunice Bennett of New York City; Miss Eleanor Edwards of Cincinnati and Miss Elizabeth Kent of Philadelphia.

The king and queen, preceded by their family and courtiers and members of the cabinet, entered the throne room from the state apartments at approximately 9:30 o'clock (4:30 p. m. Eastern Daylight time).

King George was dressed in the full uniform of a general of the British army. The queen as

usual presented a queenly figure in a cloth of gold, with an overskirt of golden lace, deeply pointed. She wore her famous diamonds, including a small crown studded with the precious stones.

The Duchess of York, their majesties' only daughter-in-law, who is expecting an addition to her family, was not present with her husband, but Princess Mary, their only daughter, was in the royal circle with her four brothers, all of whom were in full uniform, the Prince of Wales in that of colonel in chief of the guards.

CLIFTONETTES TO BE HERE SUNDAY

The Cliftona Theatre's own company of presentation artists, the "Cliftonettes," will be seen again Sunday in a song and dance novelty in conjunction with Fanny Brice's new picture, "Be Yourself," which opens at the Cliftona on that date.

These clever girl dancers will be remembered for their peppy presentation of the "Dance of the Wooden Shoes," which was staged with the showing of "No, No, Nanette," and also for the grace and charm displayed in the Crist Department Store's Fashion Revue.

The coming presentation will feature two numbers from "Be Yourself," "Kicking a Hole in the Sky" and "Cooking Breakfast for the One I Love," and also a novelty dance routine, "The Waltz Clog Wallop," based on an idea suggested by the script of the picture.

The "Cliftonettes" will appear Sunday only, afternoon and night.

MUSICIANS ROUTED WHEN CO-EDS BOO

CHICAGO — Sernading today is one of the lost arts.

A flock of male students recently gathered on the campus of Northwestern University here to serenade some co-eds. Unwittingly they picked out 10 p. m. for their individual "Romeo and Juliet" acts and in no time the campus watchman had swooned down upon them.

"Frolicking at such an unseemly hour" came from the sentinel as he chased the boys off the campus. One incident, however, marred the watchman's watchfulness. The almost-serenaded co-eds booed his every movement.

MAN IS DROWNED IN MIAMI RIVER

DAYTON, O., May 15.—Funeral arrangements today were made for Luther Barton, 24, who drowned in Miami river near Island Park Bridge here late Tuesday.

Paul Scaffer, 24, a companion of the victim, made a valiant effort to save his friend while Barton's father and sister looked on from the bank.

Barton's body was later recovered by firemen. He was the first drowning victim of the year.

CROWDS GREET ROBBINS BROS. GREAT CIRCUS

(Continued from Page One.)
 mals were still walking out of the cars, all taking the back way to the circus lot.

Everything about the outfit was epic and span, the stock was in fine condition, and things took on an old time hue when the circus wagons marked Robbins Bros. commenced trundling over the streets. When the big wagons reached the circus grounds, the big tents began to take form, with the yelling of the men, and the cry of the animals, people of this end of the city knew there was a circus in town. Some of the small boys who were on the ground offered their services, and they tugged on the ropes just like old timers. The cook tents were the first to be placed, then the side shows, and finally the Big Top.

SMART PARADE
 The big circus parade passed through the principal streets shortly after noon, and the big crowds which lined the curbs to see the horses, gaudy wagons, gaily caparisoned riders, the clowns, three circus bands and the callopie, and the rest of the features. It was a good parade, as circus parades go, and there was much favorable comment on the fine appearance of the animals and the general smartness of the circus outfit.

The large crowd attracted to the show grounds this afternoon were well repaid for their trouble, were privileged to witness one of the best circus performances seen here in many years. Robbins Bros. has gathered a highly creditable aggregation.

All of the old fashioned features were given, many new startling and novel acts were on the up-to-date program. The opening of the big show, is entirely different from any seen here before, a new, novel, and sensational production named, "Mother Goose in Fairyland" from the pen of Equestrian Director Bert Rickman in which 450 humans and animal actors participate, groups of weird musicians, a chorus in costumes depicting Mother Goose characters, and mounted lady riders and horsemen, wonderful scenery and electrical effects making this opening one of the finest ever seen under a circus tent.

ALL STAR PERFORMANCE
 Some of the principal features are the Hobson troupe of equestrians, the world's champion bareback somersault riders in comedy riding act, Teofilo Calvo, Argentine.

The large crowd attracted to the show grounds this afternoon were well repaid for their trouble, were privileged to witness one of the best circus performances seen here in many years. Robbins Bros. has gathered a highly creditable aggregation.

All of the old fashioned features were given, many new startling and novel acts were on the up-to-date program. The opening of the big show is entirely different from any seen here before, a new, novel, and sensational production named, "Mother Goose In Fairyland" from the pen of Equestrian Director Bert Rickman in which 450 humans and animal actors participate, groups of weird musicians, a chorus in costumes depicting Mother Goose characters, and mounted lady riders and horsemen, wonderful scenery and electrical effects making this opening one of the finest ever seen under a circus tent.

ALL STAR PERFORMANCE
 Some of the principal features are the Hobson troupe of equestrians, the world's champion bareback somersault riders in comedy riding act; Teofilo Calvo, Argentinian high wire walker seen for the first time in this country stand on his head and hands, and lays down on a slack wire forty feet in the air. Robbins Bros. elephants, thirteen in number, who play base ball, form pyramids, and one dances the Black Bottom; the Aerial Concello troupe, three in number does two somersaults in midair enroute to another trapeze; the Kato troupe of Japanese, who do wonderful gymnastic, balancing, and juggling acts; the Imperial troupe of Arabs in an unusual high class gymnastic, acrobatic and tumbling act; clowns of all sizes and descriptions in burlesque and comedy makeups under the direction of Kenneth R. Waite kept the big crowd laughing; shooting a human projectile "Cliff" Gregg from a monster cannon; Walter Powell, "Wizard of the Silver Wire" in marvelous back somersaults and fancy dances on the wire. He is assisted by charming Mildred Gallucci; Mickey King in dangerous hair-raising one arm swings, Kate and Tom Smith's out of the ordinary novelty Russian wolf hounds,

dogs, monkeys, and ponies in many amusing stunts made a big hit. Buck Owens, world famous Hollywood western screen star and cowboy with his pony, Goldie, and his beautiful leading lady, Anetia Austlin, assisted by 20 cowboys and cowgirls with a band of real Sioux

Indians in western sports and pastimes. "America" closes the show, where this time of year picking dandelions. Some pick the leaves and some pick the flowers; and thereby hangs a tail.

Doctor's PRESCRIPTION when system is sluggish; costs nothing to try

When your bowels need help, the mildest thing that will do the work is always the sensible choice. Take a laxative that a family doctor has used for all sorts of cases of chronic constipation. Dr. Caldwell's Syrup Pepsin is so pleasant to the taste, so gentle in its action, it is given children of tender age and yet it is just as thorough and effective as stronger preparations. Pure senna, and harmless laxative herbs; ingredients that start a gentle muscular action. Avoid a coated tongue, laden breath, bilious headaches, etc. Every drug store has Dr. Caldwell's famous prescription in big bottles. Or just write Dr. Caldwell's Syrup Pepsin, Monticello, Ill., for a free trial bottle.

FRESHIES PAY AND PAY

It jarred the freshmen of Columbia University considerably

when they got the bill for \$51,000,

split evenly among them, for damages

done at a class banquet, with

instructions to pay up or be fired.

But it may do them good.

Perhaps the sophomores, who

crashed the party and precipitated

the melee, should have done most

of the paying. But sophs or no

sophs, it isn't evident that the

freshies really had to break chairs,

turn tables upside down and throw

dishes at the chandeliers.

Big boys as well as little boys

can learn to have a good time in

other ways than smashing things.

If somebody uses enough patience

and perseverance in teaching

them. Such lessons as the Columbia

authorities are giving may

shorten the process. If the in-

struction is started early and con-

tinued relentlessly, a time may

come when students in general

will refrain of their own accord

from picking fights with police-

men, pulling trolley poles off the

wire and cutting firemen's hose.

THE LOSERS

IN the bear movement last

month there were about three-

quarters of a billion dollars

squeezed out of stock exchange

values. One of the business re-

viewers, analyzing the situation,

concludes that it was not the wol-

ves but the lambs that were

slaughtered in that fight. His re-

asoning seems to hold good of sub-

sequent slaughter early in the

present month.

Brokers' loans were increasing

rapidly. Stocks were passing

rapidly from strong to weak hands.

Investors were liquidating and

speculators were being sucked in.

And from the crowds that assem-

bled daily in the board rooms, it

would be inferred that the public

participation was becoming exten-

sive just before the break.

So the gamblers seem to have

lost again in large numbers, es-

pecially the amateur gamblers.

After another experience or two

of the same sort, some of them

may decide to play safe—if they

have anything left to play safe

with.

DIPLOMATIC SALE

SECRETARY of State Stimson,

the naval treaty. It is intimated

that if necessary he will also ap-

peal to the public.

It is never safe to prognosticate

what the Senate will do in such a

matter. But as far as the public

is concerned, it looks as if the

London pact is already sold. There

is no great enthusiasm for it. As

there was at a similar stage in the

naval limitation pact signed at

Washington in 1922. The public is

disillusioned about navies and

rather discouraged about peace, but

on the whole favorable to the

London treaty as perhaps the best

STANDARDIZED READING

"HOW dreadful," says a critic

of the book clubs, "to have

popular reading so standardized

and everyone reading the same

books at the same time!" It is

supposed to be all the fault of the

book clubs, and consequently a

rather recent development.

A book reviewer reminds his

readers that the book clubs "offer

the sale of only about 200,000

copies a month, counting both

titles and the sales through

the outside their sales figures."

How was it before the book clubs

developed?

The works of Harold Bell

Wright used to sell at the rate of

100,000 copies for a single work.

Other authors, such as Helen

Grey and D. H. Lawrence, used

to have wider sales than the

book clubs get now. These

books, when bought, are usually

read, while it is advertised by a

few copies that when book

clubs take over the sale of the

books, the sales are usually

reduced to a few pages.

CURTAILING THE GLUTTON

CHAPTER XXXIII

EVE also neglected to see that Ken's work got out on time and, what with editors telephoning and waiting hurry calls—even threatening to smash contracts—Ken grew nervous and irritable and took to drinking more cocktails than was good for him.

It was after one of these hurry calls from "Artistry," a high-class and high-priced magazine, whose recognition Ken long had coveted and which he had played fast and loose with now that it had given him a chance, that Eve went searching frantically through his desk. He was illustrating a story for the magazine and she knew about what the drawings would be—crayon sketches of feminine beauty—but she could find nothing remotely suggesting what she sought.

Eventually she came upon a portfolio thrust behind a stack of work at the back of his desk as if it had reposed there for a long time and been forgotten, though the envelope was one of a new lot. Puzzled and curious she opened it and found it stuffed with a dozen unfinished sketches. And she understood why they had been tucked away. They were sketches of Puss—idealized, of course, but Puss nevertheless—all nudes. Ken had not forgotten the portfolio; he had hidden it.

She whispered "Well!" and realized that her palms were damp. Why had Ken taken such trouble to keep this out of her sight? Any artist might do pictures like these—they were very lovely, really; it was all impersonal, all in the day's work. Yet Ken had felt embarrassed about them, guilty perhaps.

Why? Her brain was in a whirl. She never had doubted Ken—she had determined that she never would—but now a question kept nagging at her thought, sending a sick misgiving into her heart. If only he had not been shy, hiding these away.

Through the confusion Eve remembered the "Puss" for her own "Artistry" was waiting, and the illustrations were in by morning they would have to cancel the arrangement with Mr. Wilmer. The art editor had told her. Now she looked at those sketches.

They did not wait for "Artistry" to cancel them for Puss. Ken had hidden them for a purpose. At the moment she was too confused to think of it, but she knew that Ken had hidden them for a purpose.

DR. COPELAND SAYS—

Deafness in Children

—Catarrh a Common Cause of Poor Hearing

—Says Dr. Copeland—

Investigate Immediately at First Sign of Such Trouble in Your Child, Authority Warns Parents, for This Condition May Rapidly Get Worse.

By ROYAL S. COPELAND, M. D.

United States Senator from New York.
Former Commissioner of Health, New York City.

IT is distressing to know how widespread deafness in children really is. One of the most hopeless of all ailments is steadily progressing deafness. When once it begins the trouble goes on and on, gradually growing worse.

A little over a year ago, the Bureau of Education of the United States Department of the Interior made a report on this subject. It gave the unpleasant news that more than three million children in the United States have impaired hearing. This is a serious matter.

Probably the most common cause of deafness is catarrh. The common cold may develop into catarrh. The inflammation of the mucous membrane of the nose and throat extends up the passageways to the middle ear. This produces what is called "middle ear deafness."

There can be no doubt that pus absorption from any part of the body will greatly lower the resistance to disease. Permeating substances in the intestinal tract produce poisons which affect the whole system. Catarrhal troubles are considerably influenced by their absorption.

Even the strongest of us cannot resist the effects of these poisons. The sources should be cleared up. By the right diet, plenty of exercise, and right living habits, we should keep these wonderful organs of ours in the best of working order.

There are other causes for deafness besides catarrh. Some persons have a tendency to over-secretion of the wax glands of the ear canal. Then the wax may accumulate in this canal and it must be removed by a doctor. This form of impaired hearing is sometimes called "external ear deafness."

There is still another kind of deafness—"internal ear deafness."

The nerve of hearing is called the auditory nerve. This nerve ends in delicate fibres which float about

in a fluid found in the cavities of the bone. Except where perfect health is present these structures may not operate as they should. Various things may cause an unusual drain upon the nerve energy and reduce the hearing power. In children ill health from any source—the after

STANDARDIZED READING

"How dreadful," says a critic of the book clubs, "to have popular reading so standardized and everyone reading the same books at the same time!" It is supposed to be all the fault of the book clubs, and consequently a rather recent development.

A book reviewer reminds his readers that the book clubs "affect the sale of only about 200,000 copies a month, counting half a dozen titles and the sales they influence outside their subscriptions." How was it before the book clubs developed?

The works of Harold Bell Wright used to sell at the rate of 700,000 copies for a single work. Other authors, such as Laura Jean Libbey and Bertha M. Clay, used to have wider sales than the book clubs yet aspire to. Those books, when bought, are usually read, while it is whispered by a few cynics that when book clubs popularize such a volume as "The Bridge of San Luis Rey" many of the purchasers never read beyond the first few pages.

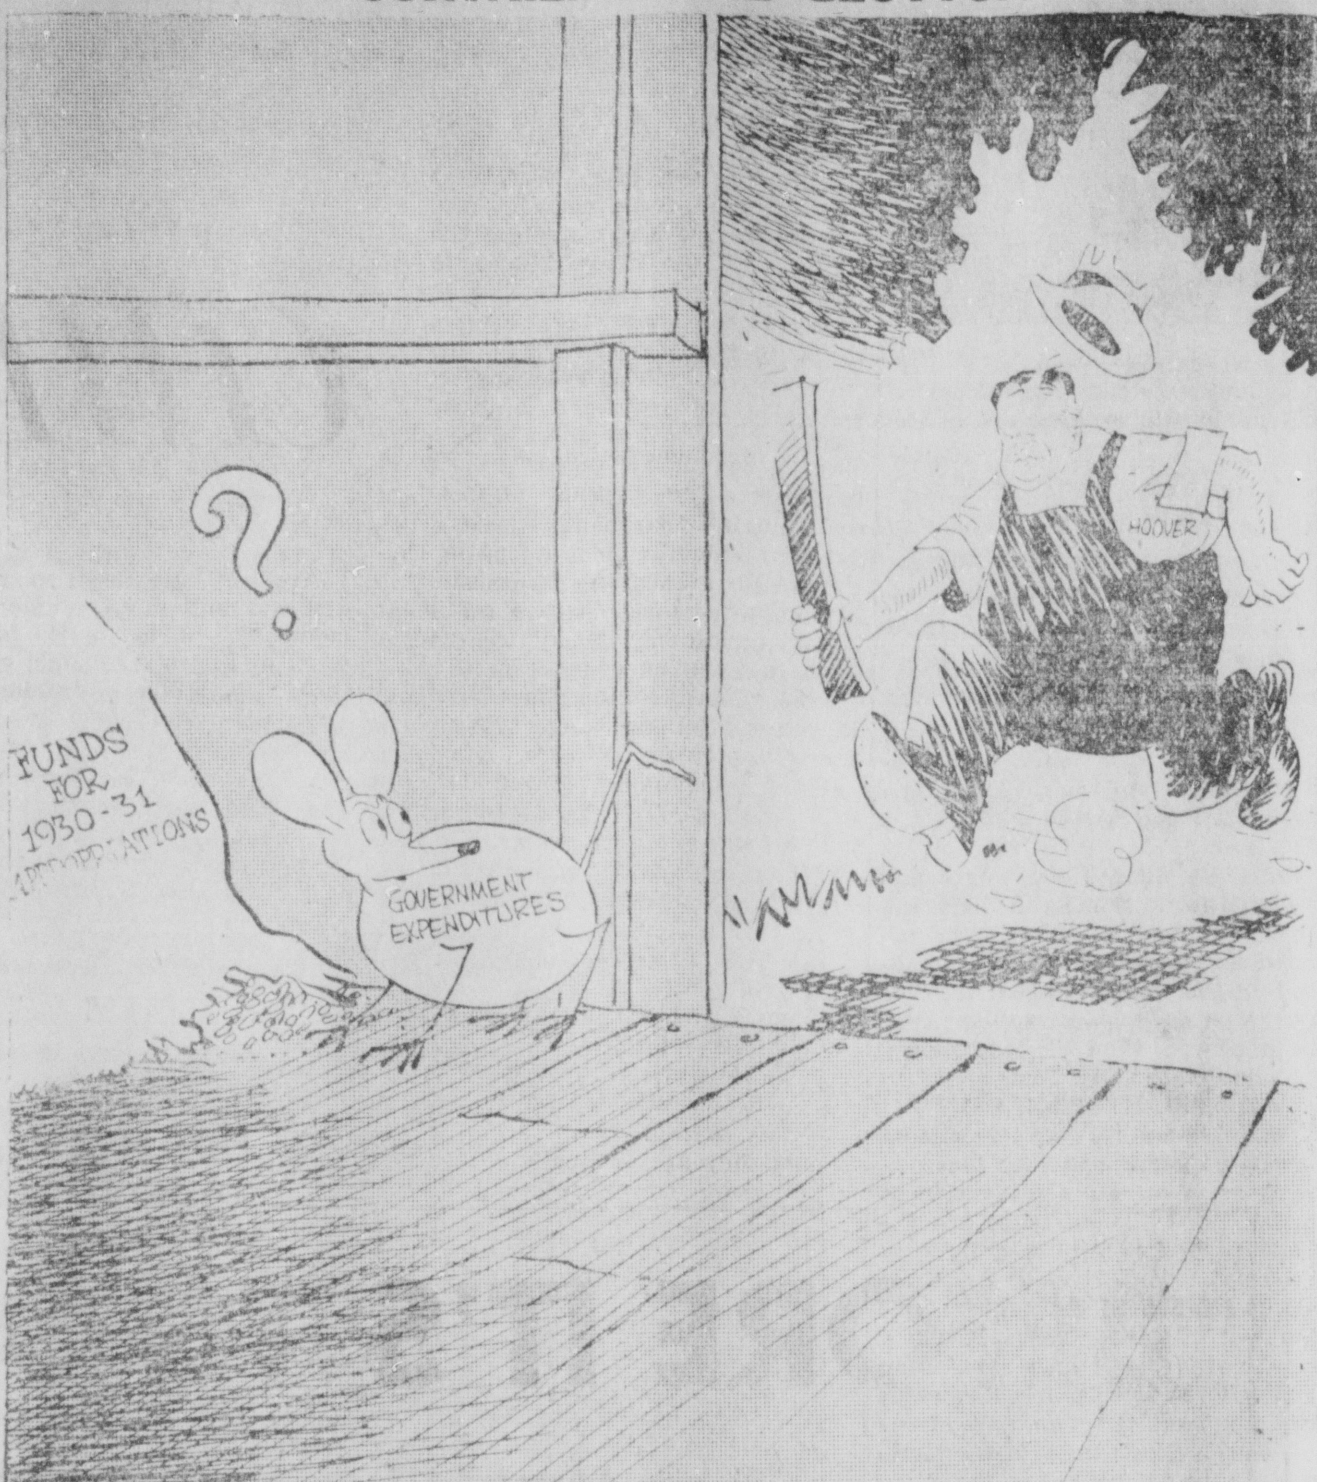

We may be standardizing our literary appreciation as well as our machinery but it is more likely that the book clubs are profiting from that tendency than that they are to blame for it.

AUTOS AND WILDFLOWERS

The American Automobile Association has taken up the defense of native wildflowers in all parts of the country. It appeals to motorists to spare the lovely flowers growing along roadsides and in woods made accessible by automobiles.

"Unless drastic steps are taken," says the appeal, "to protect this shrubbery which adorns the hillsides and valleys, the time will come when it will be no more. The car owners, who more than anyone else have been responsible for the ruthless destruction, should make amends by joining the campaign for preservation. They have more to gain than any other group from the preservation of these heralds of the spring."

Her brain was in a whirl. She never had doubted Ken—he had determined that she never would—but now a question kept nagging at her thought, sending a sick mis-trust into her heart. If only he had not been sly, hiding these away.

Through the confusion Eve remembered the reason for her search. "Artistry" was waiting; unless the illustrations were in by morning they would have to cancel the arrangement with Mr. Wilmer, the art editor who had told her. Now she studied these sketches.

They were not meant for "Artistry"; indeed she doubted if Ken had meant them for publication at all. But they might be used to illustrate the story. They would be considered futuristic, their unfinished state suggesting a subtle humor, a line here and space there appealing to the imagination. They were vivid and entertaining.

Making up her mind suddenly, Eve wrapped some of the things, and by managing a hasty toilet caught the afternoon train into the city.

She visited the art editor and offered the sketches with a convincing air. And the editor, a young and highly capable appearing woman, was first amazed and then interested.

"I shall have to talk it over with the fiction editor," she explained. "This is so different from Mr. Wilmer's usual work. . . . Still, we're progressive, we sponsor de-

velopment. Would he do more of these, do you think? We've four stories by the same author, all built about the girl character who figures in this—"

Eve made a rapid calculation of the number of drawings in the portfolio and said she was sure Mr. Wilmer would illustrate all four stories. And it was not until she was on her way home that she thought to wonder, rather breathlessly, what would happen when Ken saw the issue of "Artistry" with the nudes of Puss.

"And she's such a quiet little thing—inspired, almost," Elma decided. "You'd hardly think it of her. Though she's never actually admitted it of course. Still it may be she's clever."

Eve never heard this sort of talk without feeling a quick uprush of the anger that had swept her the night Ken came home from Spring Garden and grinned over his great discovery.

"What do you think, red-head? The kid is writing that stuff for Wade's."

"WHAT? Did Puss Southwick SAY that?"

bringing it out in book form at soon as it's finished running serially."

And now Eve could only gasp "Oh!" and wonder if this were true. What she had done did not seem remarkable to her, not nearly wonderful enough to cause so much interest. She had followed Barton Wade's suggestion and had not made the slightest effort to do any "writing," merely putting down things as she would have said them, though of course she did give her opinions sometimes and, oddly enough, everybody seemed to find these opinions very funny.

DR. COPELAND SAYS—
Deafness in Children

—Catarrh a Common Cause of Poor Hearing

Says Dr. Copeland

Investigate Immediately at First Sign of Such Trouble in Your Child, Authority Warns Parents, for This Condition May Rapidly Get Worse.

By ROYAL S. COPELAND, M. D.
United States Senator from New York.
Former Commissioner of Health, New York City.

IT is distressing to know how widespread deafness in children really is. One of the most hopeless of all ailments is steadily progressing deafness. When once it begins the trouble goes on and on, gradually growing worse.

DR. COPELAND

A little over a year ago, the Bureau of Education of the United States Department of the Interior made a report on this subject. It gave the unpleasant news that more than three million children in the United States have impaired hearing. This is a serious matter.

Probably the most common cause of deafness is catarrh. The common cold may develop into catarrh. The inflammation of the mucous membrane of the nose and throat extends up the passageways to the middle ear. This produces what is called "middle ear deafness."

There can be no doubt that pus absorption from any part of the body will greatly lower the resistance to disease. Fermenting substances in the intestinal tract produce poisons which affect the whole system. Catarrhal troubles are considerably influenced by their absorption.

Even the strongest of us cannot resist the effects of these poisons. The sources should be cleared up. By the right diet, plenty of exercise, and right living habits, we should keep these wonderful organs of ours in the best of working order.

There are other causes for deafness besides catarrh. Some persons have a tendency to over-secretion of the wax glands of the ear canal. Then the wax may accumulate in this canal and it must be removed by a doctor. This form of impaired hearing is sometimes called "external ear deafness."

There is still another kind of deafness—"internal ear deafness." The nerve of hearing is called the "auditory nerve." This nerve ends in delicate fibres which float about

in a fluid found in the cavities of the bone. Except where perfect health is present these structures may not operate as they should.

Various things may cause an unusual drain upon the nerve energy and reduce the hearing power. In children ill health from any source—the after effects of scarlet fever or lowered vitality from other troubles—may bring on deafness. It is a thing which should not be neglected. Medical knowledge today affords many methods of relief from deafness. If taken in time appropriate treatment may bring about full recovery.

The deaf child labors under many difficulties. His deafness cannot but affect his disposition. Many a deaf child becomes retiring and morose. Various things may cause an unusual drain upon the nerve energy and reduce the hearing power. In children ill health from any source—the after effects of scarlet fever or lowered vitality from other troubles—may bring on deafness. It is a thing which should not be neglected. Medical knowledge today affords many methods of relief from deafness. If taken in time appropriate treatment may bring about full recovery.

When the slightest trace of deafness is detected in a child let the family doctor find out what is wrong with him physically. The first step is to make sure that needed measures are applied for building up the health. The deafness may be only temporary, but it is unwise to neglect it.

Some schools classes in lip-reading for permanently deaf children have been started. This is to be encouraged. For thousands of children this will mean social and economic advance. Later in life lip-reading will enable the deaf person to compete in the business and professional world in making a living, as it now does in gaining an education.

Theatres

AT THE CLIFTONA

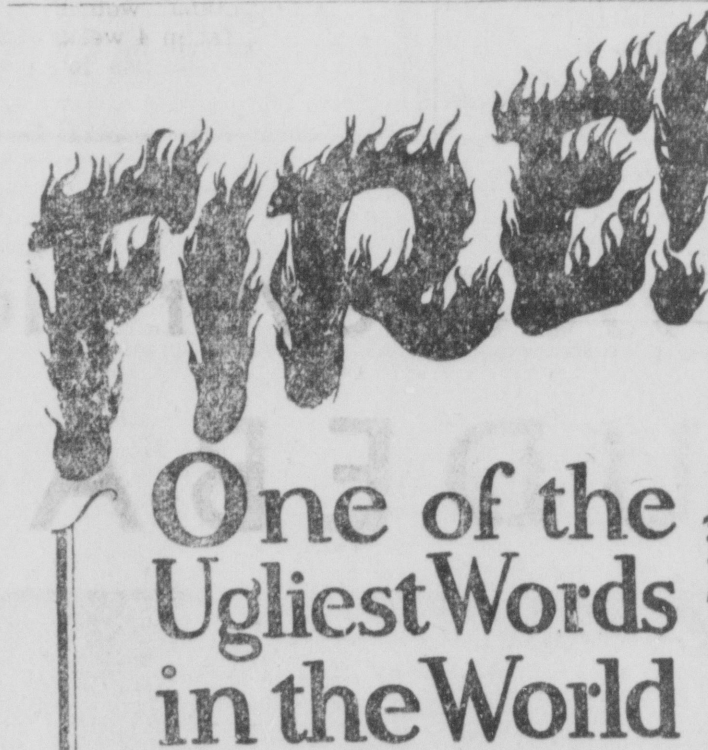

The action in "Murder Will Out," First National and Vitaphone production which is booked at the Cliftona Theatre starts in a bachelor apartment and has an exclusive club, a deserted highway, a Chinese pagoda on an elaborate country estate, a police detective bureau, a doctor's office, a cemetery at midnight, a United States weather bureau, a morgue, New York harbor and the interior of a submarine as its locales.

"Murder Will Out," which is an adaptation of "The Purple Hieroglyph" by Murray Leinster, satirizes the many melodramatic murder mysteries that have recently found their way to the talking screen. At the same time it manages to retain the punch and breathless suspense that have made mysteries popular with the movie-going public.

The picture boasts an unusually capable cast of well-known players, including Jack Mulhall, Lila Lee, Noah Berry, Malcolm MacGregor, Tully Marshall, Claud Allister, Hedda Hopper and Alec B. Francis.

AT THE METROPOLITAN

Johnny Arthur, who plays a featured role in "Personality" the Columbia all-talking comedy of domestic joys and sorrows now showing at the Metropolitan theatre, is original in thought, conversation and action.

One of the Ugliest Words in the World

Night! Everybody in bed and the little home dreaming, all unconscious of any peril. And then, sharply, there rises on the misty air that one, terrible word—"FIRE!"

A mother snatches her child from its crib and staggers down the smoke-plumed stairs. A father drags them to safety, and, hours later, they look upon all that is left of what was once "HOME." Regrets are of no avail now.

In so many important ways, you, in your own home, can prevent such occurrences as this. Handle matches with great care, using flashlights when possible. Clean up in attic and cellar. Burn trash the moment a little of it collects. Have that basement as tidy as human hands can make it. Use every known protective measure, such as fire extinguishers, that fires, starting in a small way, can be vanquished. Place precious documents and other valuables in fire-proof boxes, cabinets, etc. And know the calm assurance of policies which will pay you back, if Fire comes in some mysterious and unforeseen manner.

LONE MAN SAILS SOUTH SEA WATERS

SAN FRANCISCO—Alone on a 35-foot sailing sloop, which he will use for a two year cruise in the South Seas, L. E. Ross, former chief of the State Bureau of Vital Statistics at Sacramento, visited here and prepared to shove off for

his next port of call, Los Angeles. Ross said he was looking forward with no trepidation to his voyage by himself, but with only the keenest anticipation for a glorious adventure.

His sloop, the Lethe, was built here fifteen years ago and has a reputation for being a sturdy seaworthy craft.

Ross can carry 130 gallons of gasoline for the Lethe's auxiliary motor and provisions to last him nine months, including 150 gallons of water.

"I have looked forward to this trip and planned it for years," Ross said. "It is my dream." I want to sail the South Seas leisurely and bask upon the shores of strange islands.

From Los Angeles Ross will set out for Marquesas Island and then will hoist his sails for Cook, Tonga, Samoa, the Fiji Islands, New Zealand, Australia, Java, Singapore, China, Japan, Hawaii and home.

She's Getting Thinner Every Day

Her Fat is Melting Fast Away

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "it's the little daily dose that takes off the fat." Don't miss a morning.

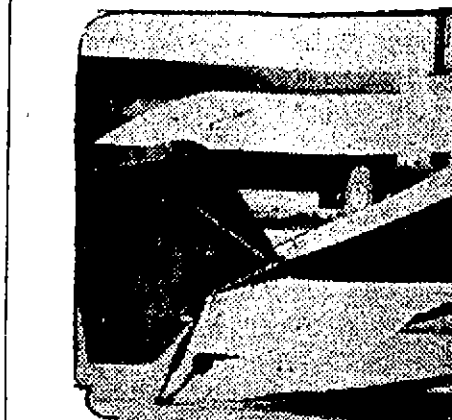

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 85c bottle of Kruschen Salts at Hamilton & Ryan's or any drug store (lasts 4 weeks) with the distinct understanding that you must be satisfied with results or money back.

One Montana woman lost 19 pounds of fat in 4 weeks and feels better than she has for years.—Adv.

ROSE BUSHES SET AT COUNTRY CLUB

R. L. Brehmer Plants 84 Bushes in Assorted Colors Along Road Fence.

Through the courtesy and genuine hard work of Robert L. Brehmer, 84 rose bushes have been set out at the Pickaway country club, lining the fence along the roadway. The crimson, white, pink and yellow roses were planted with harmony of color in view.

The roses were gifts from the charter women members of the club.

When the bushes bloom, the fence will be a show place and will provide an appropriate boundary for the beautiful club grounds.

HOLLYWOOD SEES FALL FUR STYLES

HOLLYWOOD, CAL.—Hollywood has learned what it will wear next fall and winter in the way of fur garments to be purchased at prices ranging from four to five figures.

The national association of the fur industry, at the conclusion of its annual convention, made the following comment on what milady should have in her wardrobe when the fall and winter seasons open:

"In the sports coats the straight lines will be correct. The length will vary from slightly above to slightly below the knee.

"In afternoon and evening, formal and informal wear, the tendency will be toward the molded figure silhouette line.

"For evening wear the wraps will be noticeably longer than for afternoon wear. For formal evening wear the long wrap neckline will dip to the back.

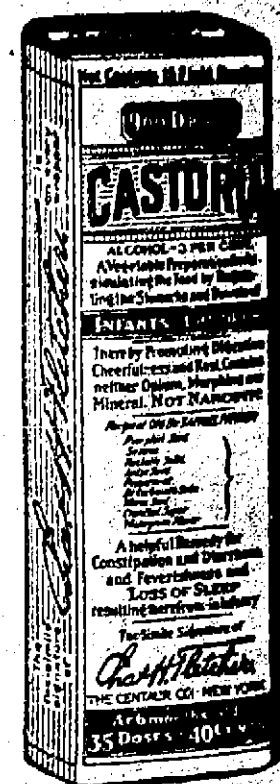

"Collars on afternoon and evening wraps will be large and luxurious.

An Ailing CHILD

Are you prepared to render first aid and quick comfort the moment your youngster has an upset of any sort? Could you do the right thing—immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or the gentle relief of constipation; to allay a feverish condition, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as

harmless as the recipe on the wrapper reads. If you see Chas. J. Fletcher's signature, it is genuine Castoria. It is harmless to the smallest infant; doctors will tell you so. You can tell from the recipe on the wrapper how mild it is, and how good for little systems. But continue with Castoria until a child is grown.

Circleville Wins Central Buckeye Track Title

RACES FURNISH TIGERS ENOUGH POINTS TO WIN

Heiskell Wins 100 and 220—
Mile and Half Mile Team
Sweeps Counters.

Showing marked proficiency in the running events, Circleville high school's track team won the Central Buckeye league championship at Westerville, Wednesday. The Tigers scored 42 1-2 points, Westerville, 37, Grandview, 30 1-2, for third place and Granville and Bexley fourth and fifth.

Upsetting the dope which had previously favored Westerville to take the meet, and easily, the Guthriemen completely outclassed the other four schools in the running events, and although they did not do so hot in the field encounters, their advantage on the cinders carried them to victory.

The race was really decided in the 880-yard relay.

Circleville and Westerville were almost tied when this event came up. Grandview's relay quartet carried off first honors, but Circleville finished second and Westerville was forced to be satisfied with fourth position to put them out of the race for first honors.

Circleville's excellent distance team of Herb Thomas and Wib Adkins copped first and second in both the mile and the half mile and had little trouble in doing so. These boys deserve much credit for the fine showing of the team.

One of the greatest races of the day was the century dash between Johnny Heiskell, Tiger ace, and Lanman, Grandview's speed king. Lanman was ahead of Heiskell by five yards at the 50-yard mark, but a belated dash by the local youth beat Lanman by an inch. The time was 10.8.

Following is the summary of events:

Broad Jump: Kole, (W), first; Grandview, second; Brenning, (B), Bailey, Granville, Weaston, (W), Distance 19 feet.

Pole Vault: Schick, (W), Hegele, (C), and Robinson, (W), tied for second; Shoe, Grandview and Nickerson, (C) tied. Height 10 feet.

880 Relay: Grandview, first; Circleville, (Heiskell, Hill, Rader and Davis); second; Bexley, third; Westerville, fourth. Time 41 seconds.

100 Yard Dash: Heiskell, (C), first; Lanman, Grandview, second; Schick, (W), third, Hill, (C), fourth. Time 10.8.

120 High Hurdles: Weaston, (W) first; Hoffman, (C), second; Gittlin, (B), third. Time 18.5 seconds.

Mile Run: Thomas, (C), first; Adkins, (C), second; Lane, Grandview, third; Hackett, Granville, fourth. Time 5 minutes, 8 seconds.

High Jump: Rogers, Granville, first; Hundley, Granville, and Zeimer, (C), third; Huhn, (W), fourth; Dickey, (B), fifth. Height, 5 feet, 5 inches.

Javelin: Phillips, Grandview, first; Schick, (W), second; Scott, (W), third; White, Granville, fourth. Distance, 127 feet, 3 inches.

440 Yard Dash: Ashbrook, Granville, first; Rogers, Granville, second; Davis, (C), third; Nickerson, (C), fourth. Time, 57 seconds.

Discus: Scott, (W), first; Dickey, (B), second; Phillips, Grandview, third; Roger, Granville, fourth. Distance, 94 feet, 5 inches.

220 Low Hurdles: Weaston, (W), first; Ulrich, Grandview, second; Carpenter, (B), third; White, (C), fourth. Time, 29.1 seconds.

220 Yard Dash: Heiskell, (C), first; Lanman, Grandview, second; Schick, (W), third; Fox, Grandview, fourth. Time, 24.3.

880 Yard Run: Thomas, (C), first; Adkins, (C), second; Ashbrook, Granville, third; Andres, (W), fourth. Time, 2 minutes, 18 seconds.

Shot Put: Rogers, Granville, first; Dickey, (B), second; Scott, (W), third; Phillips, Grandview, fourth. Distance, 41 feet.

INDICATE THOMAS BACK AT OHIO PEN

COLUMBUS, O., May 15.—Indication that Warden P. E. Thomas soon may assume actual control of the Ohio State Penitentiary here was seen today when the gray-haired warden took charge of routine matters at the institution.

Since the rioting in "White City" cellblock April 29, Colonel Robert Haubrich, commander of the troops at the prison, has been in active charge of the situation.

Resentment against the warden among the prisoners, following the April 21 fire when 320 convicts perished, led to rioting April 29 and one convict was shot and seriously wounded and another was slightly hurt. Ohio National Guardsmen then assumed control of the situation.

If the warden does assume charge, it is expected that the troops will be kept at the prison to supplement the regular force of penitentiary guards.

COSTLY ERRORS AID GORDON TIRES TO 15 TO 2 VICTORY

Winners Have Same Amount of Misplays But They Are Not So Timely As Grocers—Smith's Walks Aid Materially.

With the help of errors by an Independent Grocer infield which proved almost a veritable sieve, the Gordon Tires continued their winning ways at Mason's Wednesday evening to defeat the Grocers, 15 to 2.

The Gordons started in the first inning when four runs were chased over the platter. Errors and free transportation to the first bag aided considerably. In the second frame they added two more tallies, failed to score in the third and fourth, then opened up in the fifth with three, following with one, three and two runs before the game ended. The Gordons didn't get so many hits, but aided by seven errors, nearly all of which came with men on the paths, they easily gained their victory.

Big Ray Smith, who is one of the league's tough pitchers, with good support, but also one of the league's easy pitchers with poor support, dished out only eight hits but issued seven walks.

The Gordons had seven errors on their own account and only for their ability to get out of holes they might have been scored upon more heavily than they were.

Oliver hurled steady ball for the winners, and although his defense cracked often, he never lost his head. Each pitcher fanned one man, and although Smith walked seven, Oliver refused a single donation.

Wilkinson for the Grocers and Pickens for the Tires each contributed a two sack blow. The Gordons pulled the only double killing when Art Steele, Dick Robinson

and Trimmer pulled a fast double play.

Bill Merriman and Joe Rooney umpired.

TIRES as good as these

USUALLY COST A LOT MORE MONEY

... but these are Goodrich Cavaliers... really fine tires at really low prices

MEAN that? Of course, we mean it! And we can prove it, too... any way you want to name! Find a tire that matches the Cavalier point by point and you'll find a tire that costs more!

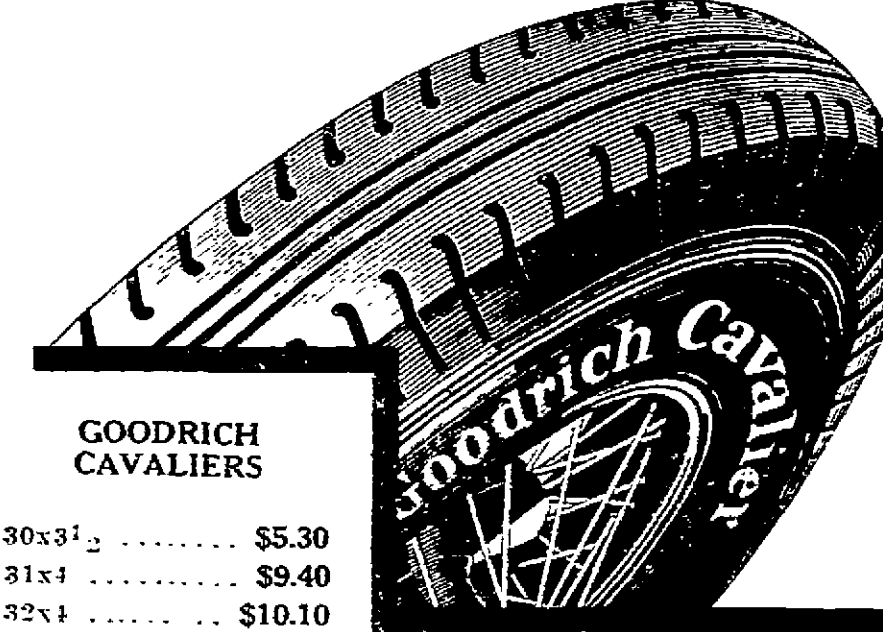

That's because Cavalier is made by Goodrich. Made under the strictest standards in the business. Made to stand up as only Goodrich Tires stand up... in spite of bad roads, high speeds, quick stops, constant punishment.

It's bigger in cross section to give it riding comfort. It's thicker

through the tread, to give long life and high mileage.

Its carcass is of weftless cord... its tread rubber is dense and slow wearing. And the whole tire is water-cured to give it equal toughness all the way through.

Yet with all that, Cavaliers cost less than just ordinary casings. So if you want to see a good tire... see Cavalier. Your size in stock now... and two sizes for trucks. They won't last long... so come in quickly. Tomorrow, sure.

TIRES as good as these

USUALLY COST A LOT MORE MONEY

... but these are Goodrich Cavaliers...really fine tires at really low prices

MEAN that? Of course, we mean it! And we can prove it, too... any way you want to name! Find a tire that matches the Cavalier point by point and you'll find a tire that costs more!

That's because Cavalier is made by Goodrich. Made under the strictest standards in the business. Made to stand up as only Goodrich Tires stand up... in spite of bad roads, high speeds, quick stops, constant punishment.

It's bigger in cross section to give it riding comfort. It's thicker

OBITUARY

OBITUARY

Jacob G. Bowman son of Daniel and Sarah Shawman Bowman was born in Fairfield-co Ohio June 2, 1853 and departed this life May 10, 1930, aged 76 years, 11 months and 8 days.

He was united in marriage to Miss Mary Richards Sept. 26, 1876.

To this union seven children were born, five sons and two daughters, one son, Charles T., having preceded him in death Jan. 25, 1911. His companion also preceded him in death July 11, 1928.

Mr. Bowman was converted and united with the United Brethren Church at Pontius, and has lived in that faith throughout his life. His children will remember him as a loving and devoted father, and his friends, who were many, will remember him as a good neighbor.

He leaves to mourn their loss, six children, Mrs. Alta Leist, of Stoutsville, Ohio, Daniel A. of Circleville, Ohio, Ray E. of Circleville, Bessie G. at home, Merrill H. of Stoutsville, Ohio, Milton H. of Circleville, Ohio, also nine grandchildren, and one brother, John Bowman of Nelsonville, Ohio, and a great many other relatives and friends.

May we with Thomas Hastings, say, Jesus, while our hearts are bleeding O'er the spoils that death has won, We would at this solemn meeting Calmly say, "Thy will be done."

By the hands the boon was given, Thou hast taken but thine own; Lord of earth and God of heaven, Evermore "Thy will be done."

LEGAL NOTICES

ORDINANCE NO. 899

ACCEPTING APPLICATION FOR THE ANNEXATION OF THE TERRITORY TO THE CITY OF CIRCLEVILLE, OHIO.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CIRCLEVILLE, OHIO:

Section 1.

That the application of Russell Siegwald and others for the annexation of the following described territory in the County of Pickaway and adjacent to the City of Circleville, Ohio, to-wit:

Situated in Circleville Township, Pickaway County, Ohio, and being a part of the southeast quarter of Section 15 and part of the southwest quarter of Section 17, Township 11, Range 21, W. S., and described as follows:

Beginning at a stone at the southeast corner of Section 18, Township 11, Range 21, W. S., and at the southwest corner of Section 17, which said stone is in a north line of the corporation of the City of Circleville; thence with the said south line of Section 18 and the said north line of Section 17, north 100 feet to the center line of North Pickaway Street, said point being also an angle in the east corner of said city of Circleville; thence, continuing with the corporation line which lies along the center line of North Pickaway Street and said center line produced, northeasterly 1655 feet to a point in the east line of Section 18; thence with the east line of Section 18, northerly 56 feet, more or less, to a stone at an angle in the west line of that 5 acre tract conveyed to L. B. Klingsmith by William Klingsmith, by deed as the same is shown of record in Deed Book 39, page 547, Pickaway County Recorder's Office, said stone being also an angle in the east line of John C. Goeller's land; thence, with the line between said Goeller and Klingsmith, southeasterly 47.5 feet, more or less, to the center of the Circleville and Lancaster Road, L. C. H. No. 188 (formerly known as the Circleville and Royalton Turnpike), which said point is the southeast corner of said Goeller land and the southwest corner of said Klingsmith land; thence, with the center line of said Circleville and Lancaster Road, southeasterly 49.5 feet, more or less, to the east line of Section 18; thence with the east line of Section 18, southerly about 1150 feet to the north corporation line of the City of Circleville, the place of beginning, containing 16,56 acres, more or less.

An accurate map of which territory, together with the petition relating thereto, and a certified transcript of the proceedings of the County Commissioners in relation thereto are on file with the Clerk of the Council of said city and the same is hereby accepted.

Section 2.

This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed May 7th, 1930.

John C. Goeller, President of Council.

ORDINANCE NO. 900

Granting permission to Norfolk and Western Railway Company to use sufficient portions of Mill Street and Clinton Street at the sides and center thereof where the main tracks and industrial tracks of Norfolk and Western Railway Company intersect Mill Street and Clinton Streets for the purpose of constructing automatic wig-wag flash light signals and their supports as shown on Plans N-14924 and N-14925, respectively, filed herewith, in lieu of the electric bells at present maintained at the sides of said tracks.

WHEREAS, Norfolk and Western Railway Co. desires to construct automatic wig-wag flash light signals and their supports for the safety of pedestrian and vehicular traffic at Mill and Clinton streets and tracks of said railroad; and

WHEREAS, said automatic wig-wag flash light signals and their supports require the use of small portions of said streets at the sides and center thereof for the construction of the supports;

NOW, THEREFORE, Be it Ordained by the Council of the City of Circleville, State of Ohio, as follows:

SECTION 1.

That Norfolk and Western Railway Company be, and it hereby is, granted permission to use such portions of Mill street, on the north side of the street and east of the west bound main track of Norfolk and Western Railway Company, and on the south side of said street, and west of the east bound main track of said Norfolk and Western Railway Company, and on the north side of said street west of the industrial tracks and such portions of Clinton street, in the center thereof, south of the industrial track and on the west side of Clinton street north of the center thereof, south of the east bound main track at its intersection with Huston street, as may be necessary for the purpose of constructing automatic wig-wag flash light signals to safeguard pedestrian and vehicular traffic upon said streets.

SECTION 2.

Permission herein given shall be revocable at any time hereafter when the Council of the City of Circleville desires said signals and their supports removed from the streets and, furthermore, whenever said Council shall notify said Railway Company, by written notice mailed to any officer or agent thereof, to take up and remove said signals and their supports, said Railway Company shall remove the same within sixty days after the receipt of said written notice and said street in good condition. It is further provided that said Norfolk and Western Railway Company shall protect, defend and save harmless the City of Circleville from any and all claims or claims for damage, and any expense or cost which may, through any
